Readers outside the US and UK are advised to visit their local Amazon.

Hardcover Edition

The hardcover edition in the United States arrives by Wednesday, June 12: https://www.amazon.com/Wall-Street-Nazis-Crimes-State/dp/151077985X/ref=tmm_hrd_swatch_0

The hardcover edition in the UK will become available on July 18: https://www.amazon.co.uk/Wall-Street-Nazis-Crimes-State/dp/151077985X/ref=tmm_hrd_swatch_0

Readers outside the US and UK are advised to visit their local Amazon.

WALL STREET the NAZIS AND THE CRIMES OF THE DEEP STATE

David A. Hughes

Synopsis

The transnationally coordinated response to “Covid-19” witnessed numerous developments reminiscent of the pre-war years of the Third Reich, including the suspension of constitutional rights and freedoms, the rollout of draconian legislatic an attempted revolution from above (the “Great Reset”), the censorship of dissent, health surveillance, euthanasia, eugenics, the corruption of science by politics, and hijacking of conscience. The list goes on.

How did we get here? *Wall Street, the Nazis, and the Crimes of the Deep State* explores role of Wall Street in promoting the rise of Hitler, funding the Nazi war machine, recruiting and rehabilitating ex-Nazis, and creating a transnational deep state inspi by Nazi methods. Wall Street has long preferred totalitarianism as the regime type most effective in crushing working-class resistance, and as capitalism once more enters a period of acute crisis, the aim is to replace liberal democracy with global technocracy—a novel, biodigital form of totalitarianism whose potential for social control exceeds anything imaginable by Hitler or Stalin.

Totalitarianism does not spring, fully formed, into existence. In the case of Nazi Germany, the descent into barbarism took place gradually, over many years. Today, warning signs from history are flashing red. Unless the global technocratic coup be attempted is put down, we can expect centralization of power in a New World Orde the return of slavery, privatization of the global commons, the transformation of society into a biodigital camp, the end of the rule of law, the normalization of eugenics, and systematic mass murder of dissidents.

CONTENTS

CHAPTER 1—INTRODUCTION **1**
The Emergence of Global Totalitarianism 2
Explaining the Resurgence of Nazism 4

CHAPTER 2—ECHOES OF THE THIRD REICH **11**
The Seizure of Power 12
Legislating Totalitarianism 14
Revolution from Above 17
The Attack on the Middle Class 19
Gleichschaltung 20
Ausschaltung 24
Propaganda 25
Health Surveillance 30
Euthanasia 32
Eugenics 34
Pseudoscientific Legitimations of "Elite" Rule 35
Hijacking Conscience 38
Ecopolitics 39
Historical Discontinuities 40
Conclusion 41

CHAPTER 3—WALL STREET AND THE RISE OF HITLER **43**
Wall Street Interest in Germany 44
The Dawes Plan, the Young Plan, and the Bank for International Settlements 46
Sullivan & Cromwell 47
Harriman and Bush 49
Ford 51
Du Pont/General Motors 52
Rockefeller/Chase National Bank 53

Rockefeller/Standard Oil 54
ITT 56
IBM 56
American I.G. 58
SKF 58
US Government Complicity 59
Conclusion 60

CHAPTER 4—THE POSTWAR ERA 63
Justice the US Way 63
The Bank for International Settlements 66
The Role of the Vatican 67
The Failures of Denazification 68
The Failure of Decartelization 70
Recruiting Former Nazis 71
Experimenting on Human Beings 74
CIA Mind Control Programs 77
Descendants of Nazis in Positions of Power Today 79
Conclusion 81

CHAPTER 5—THE DEEP STATE 83
Wall Street, Kennan, and the Birth of the US National Security State 84
The Dual/Deep State 87
The Transnationalization of the Deep State 90
The Postwar Stabilization of Capitalism 96
Conjuring an Existential Threat 98
Wall Street–Soviet Relations 99
The Cold War and Transnational Class Relations 102
Conclusion 104

CHAPTER 6—INTELLIGENCE CRIME 105
Intelligence Crime 106
False Flag Terrorism 111
The Global Strategy of Tension in the Twenty-First Century 114
"Covid-19" and Intelligence Crime 116
Conclusion 119

CHAPTER 7—WHERE IT LEADS **121**
Building a Totalitarian State 122
The New (World) Order 123
Slavery 127
Ecofascism 129
The Camp 134
Imprisoning Dissidents and Judicial Murder 138
Eugenics 141
Systematic Mass Murder 148
Conclusion 153

CHAPTER 8—RESISTANCE **155**
What does the Public Really Think? 155
Left vs. Right or Revolution from Above/Below? 158
Finding the Courage to Act 159
Withdrawing Consent 161
Conclusion 162

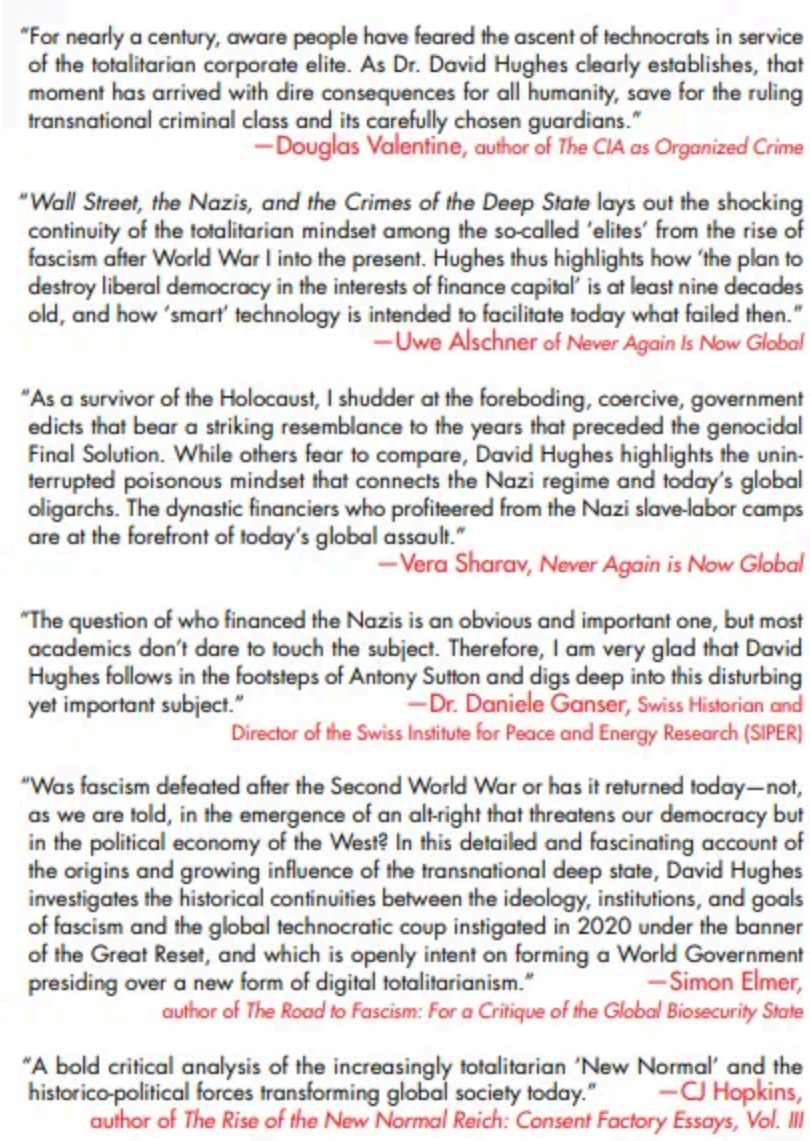
Praise for *Wall Street, the Nazis, and the Crimes of the Deep State*



"For nearly a century, aware people have feared the ascent of technocrats in service of the totalitarian corporate elite. As Dr. David Hughes clearly establishes, that moment has arrived with dire consequences for all humanity, save for the ruling transnational criminal class and its carefully chosen guardians."
—Douglas Valentine, author of The CIA as Organized Crime
"Wall Street, the Nazis, and the Crimes of the Deep State lays out the shocking continuity of the totalitarian mindset among the so-called 'elites' from the rise of fascism after World War I into the present. Hughes thus highlights how 'the plan to destroy liberal democracy in the interests of finance capital' is at least nine decades old, and how 'smart' technology is intended to facilitate today what failed then."
—Uwe Alschner of Never Again Is Now Global
"As a survivor of the Holocaust, I shudder at the foreboding, coercive, government edicts that bear a striking resemblance to the years that preceded the genocidal Final Solution. While others fear to compare, David Hughes highlights the uninterrupted poisonous mindset that connects the Nazi regime and today's global oligarchs. The dynastic financiers who profiteered from the Nazi slave-labor camps are at the forefront of today's global assault."
—Vera Sharav, Never Again is Now Global
"The question of who financed the Nazis is an obvious and important one, but most academics don't dare to touch the subject. Therefore, I am very glad that David Hughes follows in the footsteps of Antony Sutton and digs deep into this disturbing yet important subject."
—Dr. Daniele Ganser, Swiss Historian and Director of the Swiss Institute for Peace and Energy Research (SIPER)
"Was fascism defeated after the Second World War or has it returned today—not, as we are told, in the emergence of an alt-right that threatens our democracy but in the political economy of the West? In this detailed and fascinating account of the origins and growing influence of the transnational deep state, David Hughes investigates the historical continuities between the ideology, institutions, and goals of fascism and the global technocratic coup instigated in 2020 under the banner of the Great Reset, and which is openly intent on forming a World Government presiding over a new form of digital totalitarianism."
—Simon Elmer, author of The Road to Fascism: For a Critique of the Global Biosecurity State
"A bold critical analysis of the increasingly totalitarian 'New Normal' and the historico-political forces transforming global society today."
—CJ Hopkins, author of The Rise of the New Normal Reich: Consent Factory Essays, Vol. III
